STADIUM BLACKJACK

To place your wager, choose the amount that you'd like to bet by touching the casino chips across the bottom of the screen. To place your bet, touch the closest wager circle to you. You also have the choice to bet the following side bet options: Bet the Set 21 and Royal Match 21 (see help screen for payouts). Wagers, winnings, and credits remaining can be viewed in the bottom left portion of the screen.

As the game begins, a single hand of blackjack is dealt to all active players, except for the dealer, who only takes an up card. As players stand or bust, the dealer's hand is completed as a result of each player's decision. For example, while one player might stand, sending the subsequent cards to the dealer's hand, another might hit and receive those cards toward his or her total - leaving each hand to the player's discretion.
